## Trips, Clubs, Book Bags & Donations

If you are having any problems accessing the online payment portal on ScoPay—or are not yet setup and would like to be, please do speak to Lisa in the office. You can now pay for all of these things online without having to bring in cash via the office and can also pay for a term of clubs without having to remember each week. Please note, the app version would not show the donation tab without there being a balance so we have put £1 here. This is not money you owe! It is simply there so it shows up allowing any who wish to make any size of donation to the school to be able to do so using the app. Thank you.

## Why learn music?

Learning a musical instrument can –

Support your child's literacy and numeracy

Help with concentration, co-ordination and mood

Lead to a career or be a lifelong, fulfilling activity where they will make friends.

## How can you help?

Your child will need to practise regularly to make progress. At first this will mean setting aside 10 – 15 minutes three or four times a week (a regular time is best) but as your child progresses, they will need to practise most days, for longer. Younger children will need you to help them – you don't need to be musical, just be encouraging.

## What else will help?

As soon as your child is able to play for more than a few minutes happily, and can play and read about eight notes, they could join one of our groups, make friends, and really develop their musicality.

## Terms and conditions

All Camden Music staff have enhanced DBS clearance.

Payment for lessons must be made in advance. Lessons can only begin once a payment is received. You may pay in two instalments. You must have paid the second instalment by half term.

We offer ten lessons per school term. Most terms have more than ten weeks. In the event of us not being able to offer ten lessons we will credit your account or make a refund for lessons missed. If the school is closed for reasons relating to COVID-19, lessons will be taught online. If you are unable to access online lessons, it may not be possible to make up the missed lessons and no refund will be given.

If the tutor is absent we will try to find a suitably qualified temporary replacement. If this is not possible and your child does not receive the number of lessons paid for that term, you will be reimbursed automatically after the end of the term.

In the event of a pupil not attending a lesson for any reason the tutor will make up the lesson, provided written notice has been given to both the tutor and to the Music Service three weeks before the missed lesson. If this is not possible, the cost of the missed lesson will be credited to your account. Lessons missed without three weeks' notice will not be made up and no refunds will be made.

Camden Music and/or the school will monitor the attendance and progress of pupils receiving free or subsidised lessons, and subsidy may be withdrawn if attendance is unsatisfactory.

If you wish to cancel tuition we require at least half a term's notice.

If you have any queries or require further information, please contact the Camden Music Service – 020 7974 7239 – [camdenmusic@camden.gov.uk](mailto:camdenmusic@camden.gov.uk)

# Individual Instrument Tuition at Fleet

## Welcome to the Camden Instrumental Service

The Camden Music Service aims to extend the range of high quality instrumental tuition available to children attending Camden schools.

## What instruments can my child learn?

We currently offer tuition on piano. Do let us know if your child is interested in starting a different instrument. If there is enough interest we can look to provide a tutor.

## Will my child need an instrument?

Yes, because to progress children need to practise between lessons. Camden Music Service has a stock of instruments available for hire at very reasonable cost. Unfortunately we are not able to hire pianos, keyboards or drum kits.

If you would like to buy an instrument we can help through our **Instrumental Purchase Scheme** which lets you buy a brand new instrument at a greatly reduced price. To make life even easier, we offer a 12-month interest-free repayment scheme.

## When and where will lessons take place?

Most instrumental lessons take place during the school day which means that pupils leave a classroom lesson for a short period.

## What types of lessons are there?

We offer shared or individual lessons. Shared lessons can only be offered where there is another child of a suitable age and standard to share with yours. If there isn't, we will arrange a 20-minute individual lesson for you.

### Shared lessons

- Ideal for beginners, especially for younger children
- Children learn from each other and have the opportunity to play together; excellent preparation for playing in ensembles later
- Children who start in a group can change to individual lessons later

### Individual lessons

- Ideal for children who benefit from individual attention
- Better for children who are easily distracted
- Any sense of competition is reduced
- Easier to arrange a lesson to suit the needs of the child

## What will it cost?

The following fees are based on 10 lessons during a school term.

Ten shared lessons (2 children) £84 per term  
Ten individual 20 min lessons £112 per term  
Ten individual 30 min lessons £168 per term

## How do I pay?

The Music Service will send you an invoice before the start of term. **Lessons will only start once you have paid.** Payment may be made online or over the phone.

## Is any financial help available?

Children eligible for Free School Meals may apply for a 50% reduction in fees.

## What about if we want to stop?

We will invoice you for the next term's lessons shortly after half term. If you don't want to continue, please let us know. Lessons are booked for a term at a time and it is not usually possible to stop lessons part way through a term.

## How do I apply?

- You can apply online
- Visit [www.camden.gov.uk/camdens-music-service](http://www.camden.gov.uk/camdens-music-service) and follow the link to instrumental and voice lessons in schools.
- We will put your child on our waiting list if there is not a lesson space available straight away.
- We will send you an invoice when a lesson is available. Your child's lesson will not start until you pay.

# Tips for Talking

## Using the tips

Over the last 10 weeks we have been sharing 10 top tips (1 a week) with you to use with your children and support language development. We hope you found them useful.

These tips are some of the simple things we can all do to support the development of babies' and young children's speech, language and communication skills and give them the best start in life. Here are all 10 for you as a refresher...

### TIP 1

Talk to me while I am in your tummy.  
I am listening.  
I like to hear your voice.

### TIP 2

Look into my eyes and talk to me face to face.  
I might not be talking back but I like listening and copying.

**TIP 3**

Talk to me in our home language.

Talking in two or more languages helps my brain develop. This makes it easier for me to learn English and other languages.

**TIP 7**

Singing rhymes with me is a great way to bond and be together.

Share books with me, talk with me about the pictures.

**TIP 4**

Copy me. Repeat my sounds. Wait for me to take a turn.

Respond to my smiles and sounds.

**TIP 8**

Talk to me all the time when we are doing everyday things like having a bath, walking to the park or tidying up.

**TIP 5**

Talk with me about the things that interest me.

This helps me to link the words you say with the things I see.

**TIP 9**

Talk to me about how you think I am feeling.

Telling me how you think I feel helps me to feel safe and understood.

These chats help me to learn how to talk about my feelings.

**TIP 6**

Screens away, it's time to play! Put down phones and ipads.

When you talk to me it helps me learn about the world around me.

**TIP 10**

Add extra words to what I say, this helps me learn longer sentences.

# Camden schools – bright futures

Dear parents and carers,

We're proud of Camden's secondary schools, which are high achieving and ambitious for all students.

Like Camden, our schools are vibrant and diverse, offering a tremendous range of opportunities to help prepare their students for successful futures. We believe there's nowhere else in London where young people can receive such an excellent, individual education, with a curriculum and approach which is creative, diverse and inclusive.

This is because each of our secondary schools offers a unique combination of high quality teaching, a prime location in the heart of London and valuable partnerships with world-class businesses, academic institutions and cultural organisations.

Camden's Moving On to Secondary School Event on 13 June is aimed at families of children who will be starting secondary school in September 2025 and September 2026 (current Years 4 and 5). We do hope you can join us there.

**Tim Aldridge,**  
Executive Director,  
Children and Learning,  
Camden Council

**Councillor Marcus Boyland,**  
Cabinet Member for Best Start  
for Children and Families,  
Camden Council

## 10 Top Tips for Parents and Educators PROMOTING PHYSICAL WELLBEING

Physical activity isn't only beneficial for our bodies; it also plays a role in promoting mental wellbeing. With both the Euros and the Olympics this summer, it's an opportunity to engage young people in regular exercise which can reduce stress, improve mood and boost self-esteem. Despite these benefits, many children face barriers to participating in physical activity.

### 1 MAKE IT FUN

Incorporate activities that children enjoy, such as playing games or dancing. Encourage participation in team sports or group activities to foster social connections and a sense of belonging.

### 2 MIX MOVEMENT WITH LEARNING

Educational settings can incorporate movement breaks and physical activities to enhance focus, concentration and cognitive function. Embedding exercise into the curriculum can also reinforce learning and stimulate creativity. 'Revision walks' with podcasts and flashcards can benefit older learners.

### 3 CREATE OPPORTUNITIES

Provide clear chances for physical activity throughout the day, both indoors and outdoors. Schools can encourage active play during breaks and at lunchtimes, while limiting screen time at home can help keep children up and about.

### 4 PROVIDE POSITIVE REINFORCEMENT

Praise and encourage children for their efforts and achievements in physical activity. Recognise their progress and celebrate their successes to reinforce positive behaviours. Educators could do this in several ways, such as applauding their efforts at assemblies or celebrating their accomplishments in newsletters.

### 5 VARIETY IS KEY

Introduce a selection of physical activities to keep children engaged and prevent boredom. From swimming and cycling to yoga and martial arts, trying different types of exercise can help children to discover what they enjoy most.

### 6 ENJOYMENT OVER COMPETITION

Encourage children to focus on the enjoyment of physical activity rather than winning or achieving perfection. Emphasise effort, improvement and having fun rather than outcomes, to minimise the amount of stress that children can sometimes associate with sports and other competitions.

### 7 SET REALISTIC GOALS

Help children set achievable physical activity targets based on their interests, abilities and preferences. Celebrate their progress and successes to maintain motivation and enthusiasm.

### 8 MAKE IT ACCESSIBLE

Ensure that children have access to safe, suitable spaces for exercise at home, at school and in the community. Advocate for inclusive environments which accommodate diverse needs and abilities. Be a change maker in your community if facilities aren't already available.

### 9 LEAD BY EXAMPLE

Parents and carers can be positive role models by prioritising their own exercise and involving children in their fitness routines. Gentle walks, bike rides or sports activities can be wonderful opportunities for bonding and staying active together.

### 10 ENCOURAGE PERSISTENCE

Help children develop resilience and perseverance by encouraging them to overcome challenges and setbacks in physical activity. Teach them the importance of perseverance and the value of effort in achieving their goals.

# Message to parents from our School Inclusion Support Officer

## **School Inclusion Support Officers**

Over the last few months, you may have seen stories about the importance of good attendance on social media, on TV, in newspapers and there have been posters in bus shelter in Camden and the government has launched its Moments Matter Attendance counts campaign this month. The government is very concerned about the number of pupils who are missing school, and they are asking council's attendance services and schools to help support children return to school.

Camden council has appointed three new School Inclusion Support Officers to help support schools improve attendance and reduce suspensions / exclusions by ensuring children and young people who are absent from education or at risk of suspension/exclusion receive appropriate interventions and support to enable them to achieve positive educational outcomes.

Our School Inclusion Support officer is Ms. Alison Ellis, and she will be visiting us in the coming weeks and some parents may be invited to meet with the School Inclusion Support Officer to discuss the reason for poor attendance and what we can do to help your child to return to school.

We know that children who attend school regularly and on time are more able to access their learning, get support in subjects they may struggle with and have a better chance of passing their exams.

We know as a parent you also worry about your child's future, and we want to work with you to ensure every pupil at Fleet has a full-time education to maximise opportunities for everyone to realise their potential.

Being a parent is not easy if you need talk to someone about your child's attendance, please contact me on: [alison.ellis@camden.gov.uk](mailto:alison.ellis@camden.gov.uk)

**It is never too late to benefit from good attendance.**

## Don't let your child miss out - every school day counts

Attending regularly is vital for your child's happiness and success in school.

We know that pupils with good school attendance – of 95% or more – are far more likely to achieve the expected level in their primary school tests at age 11 and go on to gain good passes in their GCSEs at age 16.

Every day your child is not in classes means they're less likely than their classmates to do well in school.

We know that most parents and carers make sure their children attend regularly. However, we also know absence rates in Camden are higher than we would like.

**Please support your child to go to school regularly. If you need help or advice, please speak to your child's school.**

# Cost of Living Crisis - Camden Support Available

## Healthy Start pre-paid card and free vitamins

Do you receive income support? Are you pregnant or do you have any children under the age of four? You may be eligible for a Healthy Start prepaid card. The Healthy Start payments can be used to buy milk, fruit, vegetables, and infant formula. If you are eligible, you may receive: **£4.25 each week from the 10<sup>th</sup> week of your pregnancy, £8.50 each week for children from birth to one year old, £4.25 each week for children between one and four years old.** [Apply online](#). Pregnant women and children under the age of four are also eligible for free vitamins from children's centres. Find your local children's centre [here](#).

## Cost of living crisis advice, support booklet and translated advice

To support residents with the cost of living crisis, Camden have developed an advice and support booklet [which can be downloaded here](#). We have translated posters which signpost to support with the cost of living crisis, help with food, energy bills, mental health and help finding a job into Arabic, Somali, Sylheti, Turkish, Kurdish, Lingala and Swahili. [These can be downloaded on Camden website](#).

## Cost of Living Crisis Fund Payment

Camden Council's Cost of Living Crisis Fund is for residents and families facing severe financial hardship and who cannot afford essentials – including food, energy bills, water, electricity and housing.

- The maximum award for a household of any size is £500
- A household can only receive a maximum of two awards in a 12-month period - and the amount you are awarded will depend on your circumstances and household size
- We will prioritise those in greatest need

The support can take many forms including payments into bank accounts, vouchers, help with debt repayments or equipment that will help you to reduce your costs and/or keep warm this winter.

### **How to apply**

Camden want to ensure residents are getting all the help and advice they need to live well in Camden.

If you are a tenant and in financial hardship, speak to your neighbourhood housing officer who will be able to refer you to the scheme and help you get other forms of support.

If you live in temporary or supported housing or have a social worker, speak to your support worker as they can also refer you for a payment and help you get other forms of support.

If you live in the private rented sector, other social housing or own your home and are in financial hardship, [speak to one of our advice partners](#). You can also get help via [Good Work Camden](#), by calling Citizens Advice Camden on 0808 278 7835 or by calling us on 020 7974 4444, option 9 (welfare support).

We can also refer you as school – come and speak to us if you think you are eligible and need our help to access this support (see eligibility criteria below):

### **Eligibility criteria**

You must have lived in Camden for at least six weeks. We will check the council tax database and if you are not registered then we will come back to you for another form of proof such as a bill, bank statement or benefit letter addressed to you at the address you are claiming for. The faster we receive proof of residency the faster the award can be made.

2. No more than two payments will be made per household in any 12-month period. When you apply, we will check records to see how many awards a household has received. If there is more than one adult or family in the household, the application must come from the person responsible for council tax.

3. You must be over 18 to apply, but we will accept applications from 16 to 18 year olds living independently because we know that not all young people are able to remain at home

You must be able to prove that you are in severe hardship or financial crisis

## The cost-of-living advice bus

If you're struggling with the cost-of-living crisis and want some help, come along to our advice bus. Run in collaboration with local advice partners, you'll be able to get advice on a range of issues - including money, debt, help finding a job and accessing all the support you're entitled to. In December, you can find the advice bus dates using this link [camden.gov.uk/winterevents](#). To find out more about advice and support, visit [camden.gov.uk/costofliving](#). To find your nearest 'warm welcome' space, visit [camden.gov.uk/warmwelcome](#)

Come and talk to us...

## FREE SCHOOL MEALS STATUS

For this year, all children from Reception—Year 6 will be able to receive a free school meal thanks to the Mayor of London's programme and you don't need to do anything to apply for it—simply let us know your child will be taking up the offer and that is it—nothing to fill in or apply for. However, this is different from 'Free School Meal Status'. This is still something you need to apply through Camden for. It is really important that you do this as this measure dictates a lot of the funding schools are

allocated. To ensure we receive the correct funding we need all children who are eligible for this status to complete the process. You may be entitled to this status and therefore Fleet will receive additional funding if you receive one of the following:

- Income Support
- Income-based Job Seeker's Allowance
- Income-related Employment and Support Allowance
- Universal Credit – your household income must be less than £7,400 a year (after tax and not including benefits)

• Child Tax Credit with a taxable income of no more than £16,190 and not in receipt of Working Tax Credit

- the Guaranteed Element of State Pension Credit support from the National Asylum Support Service (NASS)

If you receive Working Tax Credit you will not be entitled to free school meals status unless you have:

- stopped work in the last 4 weeks; or

reduced your hours to less than 16 hours in the last 4 weeks  
Free school meal entitlement will mean that you will not have to pay for school lunches and will receive concessionary rates for clubs and trips. It is also important for you to apply, as the school receives extra funding.

Please ask Lisa in the office for help applying if you need it. Fleet relies on accurate funding to support the education of all our children.

Attention to all children and teachers!

Find some empty ink cartridges and bring them to the school to turn them into gold!

Your school will receive money for them, and you will help the environment with your recycling!

Clue: There are hundreds of different ones out there, you will find them near home printers and when not hiding inside printers they usually look like this

## Parent group: Families, Food and Feelings

The Enhanced Healthy Living Service (EHLS) runs quarterly 6-week parent groups for Camden and Islington parents/carers of children aged 5-17 who struggle with excess weight. The group focuses on psychoeducation and strategies around boundary setting, healthy modelling, emotional eating and encouraging a healthy relationship with food. Referrals are accepted by professionals and parents can also self-refer via the [brandoncentre.healthyliving@nhs.net](mailto:brandoncentre.healthyliving@nhs.net) email address.

## Gender equality: guide for families

### What are gender stereotypes?

Fixed and widely held ideas about roles and behaviours that society thinks appropriate for men and women, girls and boys. For example that boys are more active, adventurous and tough and that girls are more caring, emotional and concerned with appearance. These stereotypes are everywhere in children's lives – in clothes, toys, books, media and language.

Children learn what those around them expect of them as a girl or a boy and their brains adapt. What might look like a child's free choice of toys, friends, subjects or jobs is heavily influenced by the messages the child has absorbed from birth about what's suitable for their gender. **The good news is that we can change these messages.**

'That's not very ladylike'

'Man up'

### Why are they bad for everyone?

Gender stereotypes can limit children's choices, behaviour, aspirations and even achievement. They are bad for individuals and for society. They steer girls and boys in different directions – feeding different subject choices, different job options and even different health outcomes.

#### Study and work:

- In childhood, construction and science toys are often sold 'for boys'. At A level, only 10% of computing and 22% of physics students are girls. At work, less than 10% of engineers are female.
- In childhood, children learn that dolls are 'girls' toys' and that women do more caring work. At work, fathers are twice as likely to be turned down in a request for flexible working. Only 11% of nurses are male.
- When it comes to children's career ideas, the gender divide is as strong at age 4 as at 14.

#### Health and mental health:

- In childhood, boys learn not to show their feelings except through anger. Boys are 6 times less likely than girls to seek Childline counselling about suicidal thoughts and feelings. Men account for 75% of all suicides.
- 1 in 4 women in the UK will be a victim of domestic violence in her lifetime.

'You cry like a girl'

### FAQs

- *But aren't girls and boys just different?*  
Despite popular perceptions, there is no credible scientific evidence of natural difference in interests or skills between genders. Children learn from the stereotypes surrounding them what is considered 'normal' for their gender – and their choices adapt accordingly.
- *What's wrong with girls and boys liking different things?*  
Nothing, so long as it is down to an individual child's preference rather than pressure to conform. Girls and boys are more alike than different.
- *Are you saying I should stop telling my daughter how pretty she is?*  
No – but if her appearance is what your daughter is most often praised for then she may start to think that society values her looks above her other qualities.
- *What about boys?*  
Statistically, boys are more likely than girls to achieve lower grades in school, to go to prison and not to seek help for mental health problems. Harmful gender stereotyping contributes to these outcomes.

**Our aim: that children be free to make their own way as individuals, unlimited by gendered expectations**

[www.liftinglimits.org.uk](http://www.liftinglimits.org.uk)

## Gender stereotyping: what can we do about it?

#### Toys:

- Building blocks, puzzles and construction develop spatial awareness. Dolls and imaginary play help to develop empathy and communication. Introduce a range of toys for all children.
- Thinking about buying presents? For help avoiding gifts which reinforce gender stereotyping see the Let Toys be Toys website at [www.lettoysbetoys.org.uk](http://www.lettoysbetoys.org.uk) – especially their Gift Guides and recommended retailers.

#### Opportunities to challenge gender stereotypes:

- In role-play games with younger children, who plays what roles?
- Talk to children about what they are seeing on TV – in what roles are male and female characters shown? How are female and male characters dressed?
- Look for positive role models of female leaders, women in sport, men in caring roles.

#### Language:

- Think about the messages language can suggest – e.g. 'man up' suggests that boys should not show their emotions. Never use 'girl' or 'girlie' as an insult.
- 'We need a strong man to open that' 'I can't do that with these nails' – throwaway comments can have a powerful impact on children.
- Use 'humankind' rather than 'mankind' or 'firefighter' rather than 'fireman' – avoid using the masculine to refer to everyone.

#### Expectations and aspirations:

Beware assumptions which might influence children's aspirations – e.g. by suggesting certain jobs are more for women or men or by assuming a future role as carer for girls and breadwinner for boys.

#### Books:

- Children's books still send very gendered messages about male and female roles.
- Look for books with strong female leads and boys in caring roles – for boys and girls.
  - Swap 'he' and 'she' where male-dominated.
  - Use books as an opportunity to question roles and attitudes.

#### Around the home:

- Who do children see doing what work around the house?
- What chores are children given at home – are they different for girls and boys?
- Is different behaviour expected of sons and daughters?
- If newspapers and magazines show women and men in stereotypical roles, question these so that children don't assume that's just the way the world is.

#### Attitudes:

- Teach children that caring roles are rewarding and important – and ensure that boys can see themselves in caring roles.
- All emotions are for everyone! Don't discourage boys from crying or expressing how they feel.
- What praise are children given? e.g. repeated praise of girls as pretty and boys as clever or strong teaches children what society expects of them.

#### Clothes and shoes:

- Are girls wearing clothes or shoes which are more delicate – which they need to keep clean or which hinder them in climbing or kicking a ball?
- Think about slogans, colours and the messages they send.

#### Similarities and differences:

- Don't set up girls and boys as 'opposite' or separate – there are more similarities between them than differences.
- Beware treating girls or boys as uniform groups.
- Friendships between genders are to be encouraged.
